

Dr. Mark,

I, and my family want to thank you for all that you have done for Cheryl. My only wish was that you would have been able to be her doctor prior to her hemorrhage. You are truly an exceptional doctor, and a wonderful person. Don't know what the future will be, but I hope to the opportunity to run into you just to say "hi" and to give you a huge hug!

I hope that your son grows up to

Shared some of your distinct qualities.

We have decided to bring Hospice in for Cheryl. We will be stopping the feeding 10 cc a week, as well as taking away meds that aren't comfort meds.

Thank you again for coming into Cheryl's and our lives. We will never forget you and everything you tried to do. Also we would like to thank everyone in your office for their kindness.

All the best for the future.

ONE DAY, he'll have his own  
hopes and dreams,  
not knowing  
that once upon a quiet time,  
you closed your eyes  
and made a wish  
to one day  
have him in your life.

All the best for your little  
boy. Life is a wonderful  
thing. We hope he grows up to  
be as amazing as you are.
